Wife Pleads Innocent In Roeber's Death

Mother Of 4 Fails To Post \$25,000 Bail

Bail was set at \$25,000 yesterday afternoon by President Judge Fred W. Davis for Mrs. Sonya Roeber, 36, of Swiftwater, who entered a not guilty plea to the charge of murder or unlawful homicide in the death of her 42-year-old husband, Malcom Roeber.

The mother of four children was charged with administering a blow on her husband's head with an earthen jug after a family argument. The injury over the right ear resulted in Roeber's death in Monroe County General Hospital, East Stroudsburg at 6 p.m. Thursday, authorities said.

Mrs. Roeber entered her plea at a hearing before Justice of the Peace William Walton in Stroudsburg late in the afternoon after previously issuing a lengthy statement to District Attorney Elmer Christine. After the hearing she was recommitted to Lackawanna County jail pending posting of bail, and held for the September term of criminal court.

Roeber succumbed to a fractured skull in the hospital where he had been treated after the Tuesday morning incident, then admitted on Wednesday after complaining of severe head pains.

Mrs. Roeber was taken to Lackawanna County Jail, Scranton, by Pfc. Joseph Mekuta, Mount Pocono State police, Sheriff Jacob Altomose and Mrs. Altomose after a warrant for her arrest was issued at 10 p.m. Thursday.

Late yesterday morning Sheriff and Mrs. Altomose drove to Scranton to bring Mrs. Roeber here for the hearing. They stopped in Stroudsburg about 1 p.m. at the office of Dr. F. W. Shafer, 731 Sarah St., where Mrs. Roeber was examined for cuts reported inflicted in the family dispute which preceded the blow causing Roeber's death.

At 1:30 she entered the office of Christine in East Stroudsburg with Sheriff and Mrs. Altomose and Pfc. Mekuta and gave a lengthy statement. Leaving Christine's office at 3:30 she was taken before Walton, then returned to Christine's office to examine the statement she previously made. At 5:30 she was returned to Scranton.

During the afternoon her father, Stanley Sopko and brother, Steven, of Pocono Summit, accompanied by several members of her late husband's family appeared at Christine's office to inquire about the case.

In the statement Mrs. Roeber said her husband came home intoxicated about 2:30 a.m. Tuesday. Her two eldest sons, Malcom Jr. and Stanley, about 17 and 15 respectively, were awakened by the commotion, Mrs. Roeber said. She told Christine her husband began throwing dishes and was abusive, then grabbed a rifle and began firing a handful of shells. It was then, Mrs. Roeber related, that she struck her husband on the back of the head with the jug.

The statement revealed she brought him to the hospital dispensary for treatment then returned with him to the hospital Wednesday when he complained of the injury and became ill. She also said that on the advice of a physician she went to Mount Pocono State police barracks where she reported the incident.

A post-mortem at the hospital, performed by Dr. M. J. Leitner, pathologist, revealed the injury over the ear caused the stonemason's death. Dr. W. E. Andrew, Monroe County coroner, said death came from a brain hemorrhage caused by a skull fracture.

At yesterday's hearings Mrs. Roeber appeared in a light green dress she wore as a waitress in a restaurant only a few hundred feet west of her home. The couple lived along Route 611, near Swiftwater, and Roeber's mother and a brother resided in homes adjoining.

Before his employment as a stonemason, Roeber worked as a butcher in Scranton. He was a member of Broadheads Chapel, Jehovah's Witnesses.

Surviving, in addition to his wife, are three sons, Malcom Jr., Stanley and Raymond, and a daughter, Sonya, all at home; his mother, Mrs. Florence Roeber and three brothers, Arthur, of Swiftwater, John, of Scranton, and Ralph, of East Stroudsburg.

Private funeral services will be held at 2 p.m. Monday at the Gantzthorn funeral home, Tannersville. Interment will be in Swiftwater Cemetery.

OUTSIDE DISTRICT ATTORNEY'S OFFICE yesterday where she made a statement on the death of her husband, Mrs. Sonya Roeber, Swiftwater housewife, is shown here (second from right) with Pfc. Joseph Mekuta, prosecuting officer (left), and Mrs. Jacob Altomose, wife of county sheriff (second from left). Sheriff Altomose is shown at right, above.

Fireworks Warehouse Blows Up; Kills 10 Or More Persons

Houston, (AP)—Spouting smoke and a ball of flame, a warehouse packed with Fourth of July fireworks blew up yesterday. The blast crushed nearby homes and apartment houses, killing at least 10 persons, Asst. Police Chief George Seber said.

At least 75 others were known injured, he reported.

The Alco Fireworks and Specialty Company's factory and corrugated steel warehouse "just disappeared" in a blossoming geyser of white smoke and fire. Nearly a block of homes and other buildings were leveled.

Most of the bodies were pulled from houses and apartments. None had been identified nearly four hours after the explosion. Most were burned beyond recognition. About 16 units of one apartment project were wrecked or badly damaged. An apartment building a block away caught fire.

The dense smoke settled in boiling clouds over the blasted area as rescuers moved in to pull out dead and injured.

Two employees of the fireworks company were in the warehouse when it erupted. They escaped injury. Kenneth Williams, general manager, said the 40-by-60 foot building was full of fireworks of all kinds. He said a flash fire set off the blast.

"I don't know what happened," said company owner, A. M. Cohen. He was in an office across the street from the plant. The office was badly damaged, but Cohen escaped injury.

Williams was treated at a hospital for burns and cuts on his right hand, then returned to the demolished plant.

McCall Granted Parole; Will Be Freed July 15

Washington, (AP)—A parole has been granted Patrick McCall, Lansford, Pa., newspaper publisher and contractor, the parole board reported yesterday, and he will be released from the Federal penitentiary at Lewisburg, Pa., July 15.

McCall is serving a sentence of a year and a day on charges of evading payment of \$84,000 in income taxes in 1944 and 1945. He pleaded no defense to the charges, and began his jail term Feb. 3.

The parole board said McCall had petitioned for freedom at the end of his minimum sentence, and was granted parole after a hearing.

McCall and two firms which he owns, McCall, Inc. and O'Leary Construction Co., Inc., were named in the income tax indictment.

William Farnum, Film Vet, Dies

Hollywood, (AP)—William Farnum, 76, star of the silent film era, died yesterday.

Dr. Edmund Crowley said death was due to uricemia. The veteran actor underwent an operation May 27 for a recurrent bladder ailment. He succumbed at Cedars of Lebanon Hospital.

East German Red Shakeup Completed

Berlin, (AP)—The Russians yesterday relieved General of the Army Vasily Chukov of his military duties in Red East Germany and ordered him home for a new assignment. The shift completed a sweeping shakeup in the high command of the Soviet zone.

A brief announcement by the official East German news agency ADN gave no hint as to when the famed hero of Stalingrad would return to the Soviet Union or what his next post would be.

Allied officials were wary of reading any new change of Soviet policy into Chukov's removal, even though past experience has led them to associate a switch of top Russian personnel with a shift in tactics. There also was nothing in the shift to indicate that Chukov had fallen in disfavor.

Two men have been appointed to carry on the dual responsibilities—political head of the Soviet Control Commission and commander in chief of Soviet troops in Germany. Chukov has held these posts since lifting of the Berlin blockade in 1949.

Perl Given Five Years

New York, (AP)—William Perl, a brilliant young jet propulsion expert, was sentenced to five years in prison yesterday for lying in the Rosenberg atom spy case.

The principals in the case, Julius Rosenberg and his wife, Ethel, lost another bid for a stay of execution during the day when the U. S. Court of Appeals refused to tamper with the June 18 death date.

Their defense lawyer, Emanuel H. Bloch, plans new legal moves, plus a possible second appeal for clemency to President Eisenhower. However, these will avail him little unless he can get a stay of sentence.

Perl, 34, is a former Columbia University physics instructor, described by his attorney as "a sort of young Einstein." He is married and has a 10-month-old son.

He was convicted on two counts of perjury May 22 for denying to a federal grand jury that he knew Rosenberg and Morton Sobell.

Small Business Bureau Approved

Washington, (AP)—The House passed and sent to the Senate yesterday a bill to create a small business administration to help concerns that are independently owned and operated and are not dominant in their field.

Passage was by voice vote. The administration would be headed by a director named by the President and paid \$17,500 a year. The director would appoint three deputies at \$15,000 a year.

The administration would take over many of the functions of the Small Defense Plants Administration.

New U. S. Shrine

Oyster Bay, N. Y., (AP)—The nation is getting a new national shrine—Theodore Roosevelt's famous Long Island home, Sagamore Hill. President Eisenhower will dedicate it June 14.

Judge Bars DL&W Strike Next Monday

Scranton, (AP)—U. S. District Judge Albert L. Watson yesterday issued a temporary restraining order barring a strike of 320 communications and other workers on the Delaware, Lackawanna & Western Railroad at 7:30 a.m. next Monday.

The order ruled that no strike could be called before the same time on Monday, June 15, and set a hearing date of next Wednesday, June 10, on the railroad's petition for a preliminary injunction to halt the threatened strike.

The jurist acted yesterday in response to a petition by the railroad's general counsel, Gomer W. Morgan. Judge Watson also ordered the railroad to post a \$50,000 bond for the Wednesday hearing.

The defendant named in yesterday's proceeding was Marion J. Slocum, chairman of Lackawanna Division 30, AFL—Order of Railroad Telegraphers.

The strike had been called by telegraphers, station agents and tower men. They posted strike notices unless settlement is reached in negotiations over 150 or more grievances, which include pay adjustments and working conditions.

The company said it hopes for a settlement, but that it had prepared notices for distribution to patrons on trains yesterday afternoon stating that, in the event of a strike, it will operate its freight and passenger service.

The notices stated that there will be a temporary curtailment in suburban service. Union and company representatives held conferences in Washington with officials of the National Maritime Board.

The railroad's main terminal points are at Hoboken, N. J., Utica, Oswego and Buffalo and part of Northeastern Pennsylvania.

Vandenberg Attacks Cut

Washington, (AP)—Gen. Hoyt S. Vandenberg told Congress yesterday the proposed cut in U. S. Air Force goals would seriously weaken the nation's ability to deliver global atomic counterattacks.

Even a truce in Korea, he said, would not justify the Eisenhower administration's proposed cutback from 143 wings to 120, particularly as it would affect the long-range strategic bomber command.

And even with a 143-wing air force, Vandenberg said, this country would still be out-numbered by Russia's Red Air Force. However, the U. S. Air Force would be superior or better, he said.

The four-star general, whose term as air chief of staff expires June 30, disagreed with the statement, made by President Eisenhower, that the revised Air Force program will provide adequate protection for this country's safety.

Vietminh Troops Kill Two Priests

Hanoi, Indochina, (AP)—Communist-led Vietminh soldiers partially wrecked a Catholic seminary in the Red River Delta yesterday, killing two priests, wounding two nuns and kidnapping four other priests, a French announcement said.

About three companies of Vietminh troops attacked the seminary near Bui Chu in the Phat Diem sector, 75 miles southeast of Hanoi, shortly after midnight.

The Vietminh withdrew after arrival of local militia units.

Alton, Ill., (AP)—A slight woman in blue jeans, trapped on a trestle, flattened herself between the rails yesterday as a passenger train thundered over her. She escaped with nothing more than a few scratches, and still clutched the paper bag containing her lunch.

"It's a miracle—that's all," said Arthur Vordy, the stunned conductor. "I don't see how she ever got out of it alive."

Pheasants Wilder Than Usual In Kresgeville Area

Ringnecks in the Kresgeville area are going berserk. This observation comes from Game Protector John H. Doehling.

Doehling submits the following evidence: "After the spring stocking this year we have received reports of male ringnecks chasing children, dogs, cows and a tractor.

"The birds released this year don't seem to be afraid of anything and are frequently seen fighting with the wild birds that were in the area before the release."

Wilson Claims USAF Funds Allow Buildup

Sioux City, Iowa, (AP)—Secretary of Defense Charles E. Wilson, expressing surprise at controversy over the administration's military budget cut, said last night that "funds available to the Air Force are ample to continue a rapid build-up in its effective strength."

Wilson, in a speech before the Iowa State Bar Association, made no suggestion that he intended to compromise with those, including Gen. Hoyt Vandenberg, who are fighting against a \$5,260,000,000 cut in former President Truman's Air Force budget requests.

Indeed, Wilson invoked the name of President Eisenhower in citing support for the reduction. He said the money program had been carefully analyzed not only by Defense Department officials "but by the National Security Council and the President himself."

At another point Wilson declared: "I know of no one in the whole world more competent to judge such matters than our President. He has approved the budget we are proposing and the progress we expect to make in increasing the military strength of the nation."

Owner of Honor Newsstand Loses Money-And Faith

Salem, Ore., (AP)—Willie's honor newsstand is closed. Willie has lost his faith.

Three years ago Willie Carver, 60, who hawked papers at State and Liberty Streets, the busiest downtown corner, went on a 24-hour basis. When he wasn't there, customers were supposed to take a paper from a rack and drop a nickel in the box.

Right from the start there was trouble. Every month there was a shortage of around \$2. But Willie said he didn't mind that. But in January the shortage doubled, went to \$26 in April and to \$38.55 in May.

So Willie closed the honor newsstand and wrote a piece about it. "I'm not mad, at anyone," he wrote. "The real hurt is to my childlike faith in the honor newsstand."

Catching Limit Becomes Boring

Jersey Shore, Pa., (AP)—James E. Rote, of nearby Avis, says he has quit trout fishing this year because he has caught the legal limit each time and its getting pretty boring.

Rote has caught the limit of eight trout a day on each of the 17 occasions he went fishing this season in streams near his home.

"Fishing is getting too monotonous," Rote explained.

Trapped On Trestle, Woman Lies Flat Between Tracks As Diesel Train Thunders Over Her

Alton, Ill., (AP)—A slight woman in blue jeans, trapped on a trestle, flattened herself between the rails yesterday as a passenger train thundered over her. She escaped with nothing more than a few scratches, and still clutched the paper bag containing her lunch.

"It's a miracle—that's all," said Arthur Vordy, the stunned conductor. "I don't see how she ever got out of it alive."

Mrs. Nancy Lyles, 25, her face flushed and almost speechless with fright, was pulled from beneath the eighth car of the Gulf, Mobile and Ohio's Midnight Special, on its run from Chicago to St. Louis.

Her husband, Leroy, who also had a narrow escape, was one of the first to reach her.

World Capitals Optimistic; Rhee Offers New Plan

Munsan, Saturday (AP)—Allied and Red truce delegates met for 19 minutes today at Panmunjom in a crucial session on the prisoner of war issue that is the sole major block to an armistice in Korea.

The Reds asked for and got a recess until 11 a.m. Sunday (10 p.m. EDT, Saturday).

There was no immediate announcement of what took place in the conference hut. Nor was any official word expected. Both sides have agreed to make no public reports on the sessions, now in a highly delicate stage.

The Allied spokesman, Lt. Col. Milton Herr, told correspondents:

"The same story, gentlemen. The delegates met in executive session so I have no comment. There will be another meeting tomorrow at 11 o'clock."

A tide of optimism surged through the capitals of the Western and Communist worlds that a truce was near in the Korean War. Three years old June 25, it has cost more than 2,300,000 casualties. Even in Moscow, the feeling of optimism was reflected.

The Soviet government's official newspaper Izvestia reported it "is clear that the sides participating in the talks are extremely close to signing an agreement on an armistice in Korea."

Maj. Gen. Choi Duk Shin, South Korean delegate on the Allied truce team, again boycotted the Panmunjom meeting. He thus expressed South Korea's opposition to the trend of the truce talks.

In the past week, South Korean officials have wavered between outright defiance of truce moves and unwilling acquiescence.

But the government's official position took an ominous turn today in the latest statement of Syngman Rhee, 78-year-old president of the Republic of Korea.

Rhee said the Allied truce proposal is "unacceptable." He offered a counter-proposal calling for simultaneous withdrawal of both Communist and United Nations troops from Korea and before such withdrawal, A. U. S. Republic of Korea defense pact.

Such a pact, Rhee insisted, should include these pledges:

1. Immediate and automatic U. S. military participation if South Korea is attacked.
2. An adequate supply of arms, ammunition and other materials to build up South Korea's military strength.
3. U. S. naval and air forces to remain in Korea until their South Korean counterparts are built up.

Such a pact, Rhee insisted, should include these pledges: "If this proposal is unacceptable," Rhee declared, "we must be allowed to continue to fight. We prefer to fight on to any devices, armistice or peace."

"Our first choice, if we are free to make it, still is that we would like to have our allies by our side actively to fight out our common issue."

"But if that is no longer possible we would wish rather to exercise our innate right of self-determination to decide the issue conclusively one way or the other."

"In any case, we can no longer survive the stalemate of division."

In Washington, where Rhee's statement was released first, Korean ambassador Dr. You Chan said the truce is unacceptable to the United States and the United Nations have definitely gone on record as saying that they will not give up the idea of opposing forceful repatriation of prisoners of war.

"Now they are yielding to all the Communists' demands—a very thinly veiled proposal which is nothing but forceful repatriation of the prisoners..."

Liquor Bills Doomed

Harrisburg, (AP)—Little hope was held yesterday for legislation to permit Sunday hours for taverns and to levy a service charge on wine sold in state liquor stores.

5 Students Held For Upsetting 40 Cemetery Stones

Phillipsburg, N. J., (AP)—Police arrested five college students yesterday on charges of wrecking a cemetery and doing damage estimated at \$5,000.

The youths are students at Lafayette College in Easton, Pa., and Temple University in Philadelphia. They are accused of going to the SS. Phillips and James Cemetery near Phillipsburg on Wednesday night and upsetting 40 grave markers and tombstones. Police said imported statues also were damaged.

Restrictions Lifted

Washington, (AP)—The State Department announced belatedly yesterday that the United States had lifted three of four restrictions on trade and travel with Communist Czechoslovakia which it imposed after the imprisonment of William M. Oatis.

Bible Lesson Topic Given

"God the Only Cause and Creator" is the subject of the Bible lesson to be read in all Christian Science Church services Sunday. The Golden Text is from the book of the prophet Jeremiah (10:10, 12): "The Lord is the true God, he is the living God, and an everlasting king. . . . He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion."

The first verse in the Bible will be read among other Scriptural selections (Genesis 1:1): "In the beginning God created the heaven and the earth."

One of the correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy follows: "The infinite has no beginning. This word 'beginning' is employed to signify 'the only,' that is, the eternal verity and unity of God and man, including the universe." (502:34-27).

Sunday School Lesson

Scripture—II Corinthians 8-9. By Newman Campbell

The matter of giving to our church and to other worthy causes is always one of the world's problems now as it was in the earliest days of the Christian church.

The "saints" (as Paul calls them) in the Jerusalem church, were very poor, often in need, so Paul wrote to the church in Corinth to give generously to them, citing the liberality of the Macedonians. He had been boasting of them to others, he writes, and hopes that they will not disappoint him.

Discussion of church finances almost always is embarrassing to the congregation and to the minister. In our day we must not only donate liberally to our church, but there are also many other causes which ask our financial help. We must be sure there are funds for the very poor of our locality, for the sick, disabled, and the old.

Then, too, there are many national foundations and organizations for which "drives" are put on—all most important, such as the Red Cross, the fund for crippled children, for research in various medical fields—heart, cancer, polio, etc.—all of which are dear to our hearts and make demands not to be dismissed on our pocketbooks.

Paul's words in his letter to the Corinthians should encourage us to be generous in our giving according to our means. This writer is reminded of a church meeting at which one of the members said he had been figuring what his family had spent during the year in club dues, and in entertainment of various kinds, and then what it had contributed to the church in the same period, and he was ashamed of the comparatively small amounts that they were giving to the church from which they gained so much comfort and service.

Paul asked his readers to remember "the grace of our Lord Jesus Christ, that though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich."

This service will be held at 11 a. m. after the session of the Church School that meets at 9:45 a. m.

The Intermediate Fellowship will meet at 6:30 p. m. and the Senior Youth Fellowship will meet at the parsonage at 8:45 p. m.

Navy, Norfolk, Va. On Sunday members of the family witnessed the first communion of the youngest member, Thomas Paul Reidmiller, at St. Matthews Catholic Church, East Stroudsburg.

The Ladies Aid Society of the local Dutch Reformed Church will sponsor a chicken-waffle supper on Friday June 12 from 6 to 8 p. m. Mrs. William Cook, Mrs. LeRoy

by birth, and materially poor all his earthly life. Paul writes that he is sending Titus and two companions—who he does not identify—to Corinth to help in collecting the bounty. "But this I say, He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully. "Every man according as he purposed in his heart, so let him give; not grudgingly, or of necessity; for God loveth a cheerful giver."

Those who give of their abundance need have no fear for their own future, Paul writes: "And God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound in every good work."

The Christian grace does not give because it must; it gives because it wants. There is no outer compulsion upon it, tyrannically ruling its reluctant heart. Its constraint is quite otherwise, the gentle constraint of devotion, all love.—J. H. Jowett.

Those who are generous to others are not often forgotten if they are in need—even if cynics are inclined to suggest that this is the case. Those who sow abundantly, reap abundantly, and it is those who are niggardly with their abundance who suffer most when they are in need.

As a good man or woman is much happier than one who is wicked, so the one who is sympathetic with all suffering and is as liberal as his means permit to contribute, not only to his church, but to all the fine causes that ask financial assistance, feels a warm glow in his being and a confidence in his future that the miserly person never experiences. Such a one is conscious, too, of the blessings that follow through life for the good he is doing.

"For the administration of this service not only supplieth the want of the saints, but is abundant also by many thanksgivings unto God . . . Thanks be to God for His unspeakable gift."

MEMORY VERSE—"Let each man do according as he hath purposed in his heart; not grudgingly or of necessity; for God loveth a cheerful giver."—II Corinthians 9:7.

How to Waste Money

Tremendous waste in the multi-billion dollar program of aircraft procurement during the Truman administration was the direct result of bad methods and has cost the American taxpayer huge sums.

This on the word of United States Senator James H. Duff, who as a member of the Senate Armed Services Committee has been studying with increasing irritation the sorry record of the administration at Washington during the incumbency of Harry S. Truman.

One incredible item discussed by the Pennsylvania senator is that of the Air Force contracts by which the Kaiser-Frazer Corporation was permitted to build the C-119 "Flying Boxcar" cargo plane designed by the Fairchild Aircraft Corporation for something like almost a million dollars apiece more than the unit cost awarded the Fairchild organization.

Senator Duff cannot understand, nor can we, why a plane identical in design and power plant should cost the taxpayers \$1,200,000 apiece when built by the Kaiser company, as against about \$260,000 each when built by the Fairchild plant at Hagerstown. We hope that in the current series of studies being made by the Armed Services sub-committee headed by Chairman Styles Bridges, the nation will be informed just how it came about that such extravagant ways of providing needed cargo aircraft were used.

It is well for the country and for the Senate, too, that such ruggedly determined men as Sen. Duff are members of that committee. The country at large is getting mighty tired of some of the tricks pulled by the last administration in the name of "defense appropriations," and wants no more of them.

'Don't Cut Me!'

President Eisenhower's Administration has gone after a balanced budget in the only effective way the job can be done—by cutting expenses—and then cutting some more.

As an example, the Mutual Security Agency whittled the foreign aid program down from the \$7,600,000,000 originally recommended by President Truman to the \$5,848,000,000 which President Eisenhower later said was adequate. Then the MSA pored over its estimates some more and told Congress it could stand another \$354,000,000 cut.

The officials of this agency now say they hope to whack out another \$50,000,000, after still more study.

"Everyone is for general economy," as one congressman said, "but for specific spending."

Civic boosters, politicians, pressure groups, veterans organizations, and even department and agency heads—all protest, "Don't cut me!"

A few thousands put back here, a few millions there, run into billions, and, poof! The economy is gone, a balanced budget has vanished—and with it the hope for a tax cut.

The old cry of "false economy," whenever a pet spending project is reduced, again is heard on Capitol Hill.

But there is only one real false economy, and that is the kind that doesn't cut.

Connecticut, popularly known as the "Nutmeg state," is also called the "Land of Steady Habits" or the "Constitution state."

The Day With Godfrey

Nurse—Good morning.

Godfrey—Hello. Sit down.

What's your name and where were you born?

Nurse—Brooklyn.

Godfrey—There's no applause. That's strange. Now then when did you bring with you?

Nurse—This is not the Talent Scout program. You're rambling around and I'll have to make a note of it on your chart.

Godfrey (ignoring her routine)—You just pour boiling hot water into the cup and put in the tea bag. Presto! You have a fine bracing drink.

Nurse—There you go again! I've got orders to keep you off all commercials. You're doing swell but you've got to keep tea, noodles, cake mix and cigarettes off your mind for awhile.

Godfrey—Aw, let up an inch.

Nurse—No. Give you an inch and you take a program. First thing I know you'll want to go skating. Did you have a good night?

Godfrey (Still in the mood for a commercial)—Are you restless? Do you suffer from insomnia? Then get yourself a flock of Boston certified sheep. Just release them at the foot of the bed, and let 'em start jumping. Ask for Massachusetts General Hospital, high-jumping sheep.

Nurse—What on earth are you talking about now?

Godfrey—I've got a new sponsor—a sheep raiser.

Doctor (entering)—Ah, and how are you today? You'll be out of here before you know it, Arthur.

Godfrey—You're late getting here.

Doctor—Yes. I got stuck again in the fan mail. The sacks are piled up so high they constitute a roadblock on this floor. I never realized how much meaning there is in that title "Godfrey and His Friends."

Godfrey—Doc, you've been wonderful. If you could only sing, croon, dance or play the uke I could get you on my regular program.

Doctor—Oh come now. The operation was a success but it wasn't THAT successful. (Consulting chart)—You had a restless night.

Godfrey—Yes. I had an awful dream. I mentioned the wrong cigarette, tried to make a layer

cake out of a tea bag and urged the audience to drink lead cake mix.

Doctor—That's bad.

Godfrey—You're telling me!

Doctor—The chart shows you finally got to sleep. Did you take a sedative?

Godfrey—No. I just stopped counting sheep and started counting U. S. mail trucks. That did it.

Doctor—Well, you're doing fine and the whole country is delighted. I hope you don't mind all that noise.

Godfrey—What noise?

Doctor—Those riveters. They're starting work on a new wing to this hospital—the Arthur Godfrey Fan Letter Wing. It's bigger than both of us!

Harry Truman is working on his memoirs, but is somewhat impeded by the fact it is hard to find a desk-set that includes a hatchet. . . . Milton Berle is always mighty funny with Mollie Goldberg in the act. . . . Jackie Gleason would go over better in the living rooms of America if he toned down the brash Broadway manner a little, say we. . . . Ina Dado says she has written Col-Cole Porter-Porter for tickets to Can-Can at the Shubert Theater-theater. . . . Hears they are sold out again all through-out August-August. . . . Visitors to Gotham who have been badly taken for years by gyp methods in certain auction and jewelry stores in the heart of the City will be glad to hear that the better Business Bureau, with city cooperation, has extracted a pledge from the boys that they'll try being on the level. . . . We have our doubts, as the racket has been going on for a quarter century. . . . Sixteen thousand doctors are in convention in New York this week and for once they asked the question, "How do you feel?" without any charge. . . . A big change in the back-home picture touches any man sentimentally and we are saddened by the news that the Gamble - Desmond department store in our home town is folding after a seventy-year run. . . . It was in front of this store in Chapel Street that, as a child, we watched many a circus parade pass. . . . Later, we worked in the bundle-wrapping department on a school vacation. . . . And our "first girl" worked there, or was it at Mendels? . . . Connecticut has passed a law forbidding the tattooing of anybody under eighteen without parents' consent. . . . We never dreamed there were any family troubles over that these days.

Jenner, Malone Snipe At Foreign Affairs Conduct

Now and Then An unnoticed discussion on the Senate floor graphically illustrates the serious difficulties President Eisenhower is up against in directing the foreign policies of the country.

The discussion was between two prominent Republican senators—William Jenner, Ind., and George Malone, Nev., both re-elected last year chiefly because the President swept their states.

The two legislators ran far behind him and would probably have been licked but for the President's overwhelming strength.

Notwithstanding this great political debt to him, the two senators have persistently sniped at the President's conduct of foreign affairs.

They haven't attacked him directly; instead, they pursue the strategy of taking pot-shots at his advisers and assistants.

Example of these tactics was Malone's vote against Charles Bohlen as Ambassador to Russia. Another instance was the discussion on the Senate floor in which they took a poke at Secretary of State Dulles.

Following is the way they did that:

Malone: "Does the distinguished Senator from Indiana (Jenner) remember that when Mr. Acheson returned from Europe there was a joint meeting of Congress to enable it to hear the results of his visit?"

Jenner: "Yes, I recall that." Malone: "Mr. Acheson spoke for about an hour and said only one thing which, so far as I remember, we had not heard many times before. He led up to it fast and got away from it fast, but he said that the United States would not use the veto to prevent the recognition of Communist China. Does the Senator remember that?"

Malone: "And does the distinguished Senator remember any change in State Department policy by Mr. Acheson, or by Mr. Dulles since he has taken office?"

Jenner: "I have noticed no change in policy on that matter."

Malone: "According to one report in Senate cloakrooms, the real 'game' that Senator Joe McCarthy is allegedly 'hunting' during his mysterious visit to Mexico is former Ambassador William O'Dwyer. It is being hinted the one-time Mayor of New York is under secret investigation by McCarthy on tax charges. . . . Justice Department insiders are predicting that a special U. S. Attorney will be named to try the government's case against California's millionaire lobbyist 'Artie' Samish. The reputed special prosecutor is Arthur Sherry, former Assistant Attorney General of California."

Author Tom Costain tells of an artist whose lovely young model complained one day that the studio was too cold for posing. So the artist said, "I don't feel like painting today anyhow. Sit down and have a cup of hot coffee with me." He was pouring when there came a determined pounding on the door. "Quick!" he commanded. "Get your clothes off! It's my wife!"

A gent who had wined too well sank down upon a curbstone with a sigh of resignation. Presently a sanitation department minion appeared and put a long iron rod into a socket and began turning it to shut off the water.

The sitting (ex-)man-of-distinction watched him with mounting ire. "So you're the bozo," he muttered, "who's turning this street around!"

George Sokolsky Says . . .

Taft's Speech Regarding Korea Stands As Consensus Of Republican Opinion

The Harried Republicans

Senator Robert A. Taft has supported President Eisenhower, in both his domestic and foreign policies, with a blind fidelity wholly unexpected in a man of his stature and independence. Other Republicans, particularly those who had supported Taft for the Presidency, were surprised and often displeased over this attitude. Yet Taft's position is understandable in the nature of his personality.

Eisenhower won the nomination; therefore Taft labored for Eisenhower valiantly as though he were the candidate himself. Strictly a believer in the party system, his attitude was that the winner takes all. Since January 3, when Congress opened, he has continued to support Eisenhower, without equivocation on the ground that Eisenhower is entitled to a period of acclimatization and reorganization.

However, when it is evident that there is danger of a peace with Soviet Russia over Korea on the low-basis of appeasement, without honor or dignity; when Taft believes that both South Korea, which has fought valiantly and suffered great losses, and Formosa, which has held on to an anti-Communist outpost in Asia, are likely to be betrayed, he had to speak out. Otherwise, he would be a man without integrity.

The speech which his son read for him in Cincinnati, because the Senator was ill, does not end his support of General Eisenhower.

General Walter Bedell Smith, who acts as Secretary of Foreign Affairs most of the time, because John Foster Dulles travels so much, is more favorably known than most of the White House entourage. Republican Senators are neither accustomed to his crisp ways, undoubtedly normal to the Army, nor do they altogether understand why there seem to be so many foreign ministers, as it were, namely, John Foster Dulles, General Smith, Alvin Dulles in CIA, Harold Stassen, C. D. Jackson in the President's office. Which is the hand of Jacob and which the hand of Esau?

Also, they are shocked by the continuance of Acheson personnel in the State Department. Not only does Senator McCarthy make a point of this, but nearly all Republicans do. They realize that from telephone operators up to second and third levels in the State Department, there are confirmed New Dealers whose loyalty is toward Dean Acheson and his theories of appeasement.

It is expected that by the reconvening of Congress, after the summer holidays, much of this will be corrected. The Republicans recognize that the President has the desire to make great changes and have already received eight reorganization plans from him but they feel that facts do not reach the President until a major trouble is on his threshold. Often it comes too late for the President to do anything about it.

The Bermuda Conference is a case in point. It was hoped among the Republicans that the President would reverse the system, introduced by Woodrow Wilson and pursued with glee by Franklin D. Roosevelt, of chasing around the world, holding secret conferences with heads of states, and reaching agreements which have nearly always proved damaging to the United States. They hoped that the President would stay in Washington and let the Secretary of State do the operational work in foreign relations.

The Bermuda Conference may turn out to be better than Yalta or Potsdam, but most Republicans fear it, particularly as they suspect the magnetic personality of Winston Churchill. Senator Taft's speech therefore represents the consensus of Republican opinion on this subject.

Looking At Life

—by Erich Brandeis

For almost seven years, a certain man was bedridden.

None of his doctors could tell exactly what was the matter with him. Some said he had a heart attack from which he never fully recovered. Others thought it was a nervous breakdown. His family spent a lot of money on physicians, treatments, drugs, but they didn't do any good.

He was just lying there, not taking much interest in anything.

One summer he passed his time studying the flies that made their habitat in his bedroom.

He noticed that they always walked up the screen on his window, but never down.

That gave him an idea. He invented a trap that would catch the flies in the upper corner of the screen.

He showed his invention to a manufacturer, who thought it was good and started to make the traps on a large scale.

Now you can see them in many establishments where flies are a summer nuisance, and the bedridden man's invention is making quite a bit of money for him.

But that isn't all.

After a while the flytrap business required more time than the manufacturer could give to it and he asked the patient to do some helping.

Pretty soon he forgot all about himself and his sickness and spent most of his time thinking of the business.

One day he threw back his bed-sheets, got dressed and went to the office.

He now puts in a full day at his work and says he never felt better in his life.

One of the most unpleasant subjects a person can think about is himself.

Each individual, human being is but a very unimportant part of the universe.

But the more you think about yourself and your little problems, the more important you become

Kintner Warns SHS Grads Of Effort To Curtail Liberties

ABC President Awards Two Scholarships

Robert Kintner, president of the American Broadcasting Co., warned graduating Stroudsburg seniors last night against current efforts to curtail personal liberties in America.

Kintner, whose address was the highlight of annual commencement exercises at the school, told the graduates "In this country there is rising a form of thought control."

One of this nation's most prized liberties, the speaker said, is freedom of speech, where you can say what you are thinking.

But "most of all America is freedom to think as we please," Kintner continued.

He then urged his audience to resist conformity to the restricted ideas of those persons around them, pointing out that America was not built by conformists.

"What you, yourself, do is important. The world is not run by dictators, or the leaders. It is run by the millions of people on the earth."

"You are as good as everyone else—and no better. You are no better or worse than people all over the world. This is one of the real truths that all men are created equal," the speaker declared.

Then Kintner announced the winner of the 1953 Lillian S. Kintner Memorial Award scholarship.

Presentation of this award to James Ifft, son of Mr. and Mrs. Arthur Ifft, was made by Kintner.

Ifft is also the winner of the school's annual "Egbert" award, considered by school officials to be the highest award made to any student during the year on the basis of all-round scholastic and citizenship achievement.

In addition to the \$1,000 Lillian Kintner award, Mr. Kintner said, he was making a special \$500 award this year to Ray Ciffer, class salutatorian. Decision to make two scholarship awards instead of one, Kintner said, resulted from conversations with Mr. Groner concerning the two boys' academic standings.

Both Ifft and Ciffer maintained high scholastic standings during their four years at the local school. Difference between their positions in class was negligible, according to school officials.

Kintner was introduced by Stroudsburg Superintendent Earl F. Groner.

The following prizes were awarded to deserving students:

Ill-Y award presented by John Wilson, executive secretary of the Young Men's Christian Association, to David Pyle;

Two PTA awards presented by Mrs. Elton J. Denning, president, to William Fehr (the Robert Brown award) and to Marilyn Welsh (the Bishong health award);

Two DAR awards presented by Mrs. T. Manning Curtis to Marilyn Welsh (citizenship) and Michael Sharlot (U. S. history);

Music Study Club of the Stroudsburg award presented by Mrs. Carrol All, president, to Earl F. Groner Jr.;

Varsity "B" Club award presented by President Edward Williams to Al Adelmann;

Departmental awards for the school presented by Groner to Ann Toldorff for home economics; to James Ifft for science; to Michael Sharlot for social science; to Jeff Crane for mathematics; to James Barthold for modern language; to James Ifft for boys' health award; to James Ifft for the Lily Bittenbender English award; to Al Adelmann, the Kiwanis citation; to Douglas Laise for industrial arts.

Following announcement of the awards, diplomas were presented to the graduates by Superintendent Groner. Principal Alfred W. Munson introduced the graduates. Rev. Stinson gave the benediction. Music was provided by the High School Orchestra. The Mixed Chorus sang two numbers: "How Lovely Is Thy Dwelling Place" and "No Man Is An Island." Numa Snyder directed.

Girl Gets Letter From White House

On the eve of last November's presidential election, Miss Trina Marsh, daughter of Mr. and Mrs. Clarence (Sonny) Marsh, 844 Thomas Street, Stroudsburg, wrote a letter to Dwight D. Eisenhower.

Like thousands like received, it extended good wishes and went a bit further. Trina told the GOP candidate and famous general that "everybody around here is voting for you."

President Eisenhower has been an extremely busy man since his election, but apparently he's seeing that bit by bit mail he received before and after his campaign is answered.

From Gov. Sherman Adams, assistant to the president, came this reply for the Stroudsburg youngster:

"Dear Trina:
It was kind of you to write to the President. He appreciates your interest and sends you his best wishes.
Sincerely,
Sherman Adams."

A Main St., Canadensis property was transferred to Edward and Thelma L. Daggers, of Media, by Lee B. Mergargel and Lydia A. Christenson for the estate of the late Lottis K. Mergargel, of Earret Township.

Class Day Held At E. S. School

East Stroudsburg seniors held their annual class day exercises at 9:15 a.m. yesterday. Included in the program were the reading of the class will by James Fritz and a performance of the school's new "Alma Mater," written and directed by senior class president and valedictorian John Eaton.

The class prophecy was given in the form of a play-script, produced by Mano Harmon, Mary Sue Harvey, Joan Dowling, John McGarry, Paul Miller and Harry Caulfield. Motto of the 1953 class was "Omni-bus Tractemus"—"Let us excel, all."

An estimated 45 percent of the 1953 East Stroudsburg High School graduating class will go to college this fall, it was announced yesterday by Ralph O. Burrows, principal of the high school.

For the first time in several years, also, Burrows indicated East Stroudsburg students will be attending most of the major colleges and universities in the nation.

Borough students will enter Yale, Princeton, Harvard, Notre Dame, University of Pennsylvania and many other large colleges this year, Burrows said.

Winner Of School Board Nominations On Two Party Tickets Petitions Court

Dr. John P. Lim, local physician who won the Republican nomination for school director under "John P. Lim, M. D." and the Democratic under "Dr. Lim" has petitioned the court to direct the return board to have him declared one and the same person and so carried on the November ballot.

Under "Dr. Lim" he received 19 Democratic votes. His name was printed on the GOP ballot as John P. Lim, M. D.

His petition asks the court to declare John P. Lim, M. D. and Dr. Lim one and the same person and to direct the county elections return board to carry him as a Republican and as a Democratic nominee as "John P. Lim, M. D."

Attorney George T. Robinson filed the action as the candidate's counsel.

All other candidates for school director who won nominations have been notified of the action so they can be present, if they desire, when the court conducts the hearing on the petition.

Elks Lodge Celebrating Anniversary

East Stroudsburg lodge of Elks is celebrating the 58th anniversary of the institution of the group this weekend.

Dinners and cocktail hour formed the program last night, and ladies and friends will be the special guests tonight. A. A. Lauffer is the exalted ruler.

More than 200 members participated in the meals last night. Lobsters, steaks and chickens were served.

The balance of the time was devoted to cards and motion pictures.

The climax of the celebration will take place tonight when Elks, their ladies and friends are expected to turn out in large numbers. There will be dancing from 10 p.m. to 2 a.m. Music for dancing will be furnished by Bud Weidlich and his band.

The lodge was instituted in 1895. J. S. Silverstein of Brevard, N. C., who became a member in 1896, is the oldest living member. Others with long records of membership include Chester A. Coleman, James S. Bunnell, Jake Hill and Harvey W. Blair.

Graydon D. Hoffman, a member 41 years, is one of a family of three past exalted rulers. His late father, Theodore Y. Hoffman, served in 1902-03, Graydon 1916-17, and the latter's son Theodore D. Hoffman 1952-53.

A change has been made in the date for the annual observance of Flag Day. It will take place at the East Stroudsburg playground Monday, June 15, instead of Saturday, the 13th, as originally announced.

Rudolph C. Blitz, chairman, said the parade will form in the rear of the lodge home at 6:30 p.m. The American Legion Drum Corps, Pioneer Band and other groups will participate. Rev. Ernest T. Campbell, pastor of Stroudsburg Presbyterian Church, will give the memorial address. Children will receive a treat following the program.

Four candidates were initiated at the meeting this week and a favorable report was received by a candidate for reinstatement. There were two visiting Elks from the Queensboro, L. I., lodge.

Baseball motion pictures were shown and the steward, Floyd J. Lambert, served luncheon at the close of the meeting.

June Is Dairy Month... Use Dairy Foods For Good Health

Dairy Foods Nutritious, Economical

Any man who says women can't figure doesn't have all the facts. Perhaps she doesn't always keep her check stubs according to the best accounting procedures but when it comes to food planning the American housewife performs a few mathematical miracles.

First, she has to figure what her hungry family likes... they want what they want and it must be appealing and appetizing. Then, she must be sure to figure that her stomach satisfying meals are nutritious... to keep her family healthy.

But the biggest job is yet to come. All of this must fit the family budget... which isn't easy these days when prices seem to change more rapidly than the weather. She solves this problem by hunting for "nutrition bargains."

And she finds these in dairy foods. Milk is a low cost food yet it supplies such an abundance of essential food elements. The American housewife knows this because surveys show that seven out of every ten housewives are well aware of the nutritive value of milk.

Last year we drank 16% more milk than we did before World War II and ate more cheese and ice cream. In actual pounds, dairy foods make up about 30% of all we eat but it only takes about 15% out of the food budget.

By using more milk and other dairy foods in her menus she is winning her high cost of living fight and also is improving her family's health. Nutrition research shows that older folks, particularly 45 and over, need dairy foods just as do infants and growing children. And the health of children certainly is dependent upon their getting a sound supply of the nutrients essential to good nutrition. And milk and milk foods are still the most economical source of these nutrients.

The first cows were brought to the U. S. in 1611 to the Jamestown Colony. The failure of the Pilgrims to bring cows on the Mayflower is given as one of the main reasons for the high death rate, particularly of children.

One quart of milk supplies as much calcium as is found in twenty normal helpings of beans.

Americans are drinking about 16% more milk today than they did before World War Two.

Survey Shows Milk Is Nation's Favorite Food: Good Eatin' For All Ages

Feeding the hungry American public is big business. We like to eat and consequently are one of the best fed countries in the world today. This month the entire nation pays its respects to the largest and one of the most important suppliers of food—the dairy industry. For this is June Dairy Month.

The slogan for this month is "good eatin' for all ages" and when it comes to milk and dairy foods we appreciate more and more the value of these words. Every year we drink more milk so that today we consume 16% more milk than we did before Pearl Harbor.

It takes more than 23 million cows to supply our milk needs. This is practically equivalent to the combined populations of Pennsylvania and New York. More than 60 million quarts of milk are distributed to consumers every day and it takes a quarter of a million American workers to process and deliver this milk.

The gain in milk consumption is not only proof of its taste appeal but also of the increasing awareness that milk and its products are essential to good health. The economy aspect of milk has been a big factor in the increased demand since government cost of living figures show that milk prices have gone up less than other major food items.

Surveys show that milk is the

No. 1 favorite food of American homes and that mothers consider it the most essential food of all. Seven out of every ten American housewives are well aware of the high nutritive value of milk, according to a recent Opinion Research survey. Given a long list of foods, housewives were asked which were the most important. Milk came first as 71 per cent said it is the most essential. Another striking opinion gathered from surveys shows that milk is the last of all the foods housewives will cut down on in an inflationary situation.

In 1951, the average yield per acre for cotton in Arizona was 740 pounds, the highest of any state in the nation, says the National Geographic Society.

Dairy foods provide about 30% of the consumer's food requirements but take only about 15% of the food dollar.

Ice Cream Served In Many Ways

Served every day in some way ice cream will add infinite variety and appetite-appeal to family meals. A small serving is just right to put the finishing touch on a heavy meal. Topped with nuts, cocoanut, or sweet sauces it will build a slim meal up to banquet size.

Used as a garnish it will help stretch a nine-inch pie to eight

servings, will make a sliver of cake seem generous and satisfying.

Ice cream should be kept on hand for a variety and assortment of toppings, too. They will give a variety of flavor and interesting textures to any number of delicious ice cream dishes.

Try some of these: chocolate syrup, caramel syrup, maple syrup, honey, frozen, canned or fresh fruit in season; nuts, chopped, whole or toasted; cocoanut; shaved semi-sweet or sweet chocolate, preserves, even cake, cookie, and macaroon crumbs.

Ice cream can be depended upon to give a lift or quiet those between-meal twinges of hunger. It's fun to eat, yet won't dull eagerness for dinner.

Just Between Us

—By Bobby Westbrook

The tune "Three Little Maids From School" kept ringing through my ears all the time I was writing the stories about the three Joans this morning. It is a coincidence that all three should be named Joan, but there the similarity ends. One is interested in radio and television, one in oral hygiene, and one in English.

Joan Stofflet, I understand, has a chance to study at Oxford University. Ann Stevenson, who has just completed her sophomore year at Mount Holyoke, is bound for a summer in Germany. Eva Hess, who is graduating at the University of Rochester, is getting married. Jane Hitt has some very important lifting job in Centre County.

You practically get cross-eyed keeping up with these youngsters. Around our house you also get to stepping high. The gear which Peter is taking to Philmont Scout Ranch in New Mexico has been lined up methodically on the floor for three days waiting inspection.

That trip sounds like all boys' dreams rolled into one. A cross-continent bus trip, sleeping by the wayside. A real ranch, with cattle and horses and burros, and a seven-day trip on horseback through the mountains where buffalo, deer and elk still play.

One of the few times that I wish I were a boy fourteen years old. Mostly it's a pretty rugged age to be. You say the same things you've always said in a new bass voice and, instead of laughing, people get mad. You're old enough "to show a little responsibility" but too young to have privileges. A trip like this would even things up.

Listen To Bobby Westbrook daily, Monday through Friday, on "The Party Line" WVPO, 10:15 a.m.

All the sentiment and beauty of the month have touched pretty close to the heart of our store family as June moves along toward its roses-and-ribbon ending. I can't remember when I've seen so many smiles blossoming from all directions—not just on the faces of the brides-to-be either, but on the faces of those who are happy just to see them happy.

Since we are such a closely-knit family, it's only natural that there will be parties, showers, and surprises on the social calendar. Right now we're looking forward to a supper on Monday night at 6, in our Tea Room, honoring Margaret Oldford. She knows it, of course, for you could hardly keep such a wonderful secret when approximately 60 women are sharing it . . . isn't that true?

At any rate, ours is a happy store. Dottie Morris is looking forward to a June wedding too, and Shirley Smith is wearing one of the loveliest diamonds I've ever seen, as she dreams of marriage in the fall. There's no doubt about it, if the romance that's "bustin' out all over" is any indication, ours is the perfect place to shop. We're happy, we're wedding minded, and we're tremendously gift conscious. If you are gift conscious too this bridal season, just drop in and let's talk it over. We've ideas galore, and there's nothing selfish about us—we'll gladly share them.

HERE AND THERE . . .

Cutesy cup for a tot is on sale in our children's department right now. Of terry cloth it has tiny ears, big eyes and a red tongue attached. It's as precious as mink for the family mischief . . . Never saw anything so funny in my life as a certain dignified (?) Wyckoff employee walking around in frog feet and a new type bathing cap. Pretty rib-tickling they are when combined with a street dress, but they're perfect for a beach peach-erino . . . Packer Ainspore of our beauty salon is now going into his peak season, with permennants by the score scheduled for the next few weeks. Being a woman, I'm positive that feminine curiosity is far less interested in what the wild waves are saying than in what her carefully set wave is doing. And of this, I'm sure—a Wyckoff permanent takes to the water like a duck . . . Here I thought the colored stockings was something new sponsored by Mamie! Why, the biography of Lloyd C. Douglas tells us that his wife had PURPLE stockings ages ago. It's a good thing there are younger generations coming along all the time . . . THEY are the only really new thing under the sun . . . I wonder if you've seen the paper covered game books that sell in our stationery department for 60¢? There are books of anagrams, quizzes, cross word puzzles, and similar entertainment, and we recommend them—just for the fun of it—if you're puzzling what to do with your time . . . This is another big day at Wyckoff's and we'll be looking for YOU. Do come in, and see how beautifully re-arranged we are. And, while you're in town, why not plan to see the Jacobson-Worthington Power Mower demonstration at 2 p.m. at Bryant street and Park Avenue, under auspices of our Sears department? I'm told it will be plenty exciting—and it's free, you know, with no obligation to those attending. . . . Until Monday—Happy Weekend!

Thrilling 100-MPH Chase Ends When Cops Fire 12 Shots Into Air To Halt Youth

Scranton—A wild, 100 mile-per-hour ten-mile auto chase that had all the earmarks of a Hollywood thriller, shooting and all, ended in the arrest of a Mountaintown youth here Thursday afternoon, police said yesterday.

Trying to outrun State police who were in pursuit, Wilmer Vogt Jr., 18, halted his car, then almost was mobbed by a crowd of angry persons who witnessed the incident, authorities reported.

A student at the University of Scranton, Vogt began the wild ride with a juvenile companion around 2 p. m., police said. Troopers Edward Pucylowski and Joseph Burke spotted the car as they were parked observing traffic and took chase.

Mr. and Mrs. Arthur Fritz and daughter Marie visited Mr. and Mrs. Ernest B. Wismer on Saturday.

ed by police, continued at the break-neck pace and stated later they nearly crashed about 10 times.

Vogt ran through a traffic light in the city, police said, and as the chase continued, police drew their revolvers, firing a series of 12 shots into the air to halt the fleeing teen-ager.

The car finally halted near the Erie Railroad underpass and as the two youths climbed from the car, troopers jumped from their vehicle, guns drawn. It was here that a crowd collected and several men threatened to beat up the pair. But police protected them from the crowd.

The second youth, whose name

was not disclosed because of his age, told police it was the shots that made Vogt stop. He also told troopers Vogt boasted that he would escape from the policemen.

Vogt was driving a 1953 Hudson and was taken before Justice of the Peace Fred Capple, Moscow RD 3, where he was fined \$50 on charges of speeding and reckless driving.

He still faces charges of passing four red lights and a stop sign in the city. A hearing is scheduled before Alderman Samuel K. Mittleman but was not held yesterday, the alderman's office told The Daily Record last night. Police said fines for three charges could amount to \$105.

Mountain League To Present Full Slate

Dodgers Nip Cardinals Behind Black

Brooklyn (AP) — Joe Black flashed some of his 1952 form last night, pitching five superb relief innings to protect an early Brooklyn lead as the Dodgers went on to defeat the St. Louis Cardinals, 5-4.

The Dodgers were out-hit, 11-6, but wrapped three hits around a costly error by Cardinal third baseman Ray Jablonski to score four runs off loser Joe Presko in the second inning.

A triple by Bobby Morgan was the vital hit in the rally. Roy Campanella opened the inning with a single down the third base line that handed off Jablonski. The third baseman then fumbled a grounder by Gil Hodges. Carl Furillo singled, scoring Campanella. Morgan's triple brought Hodges and Furillo home. Morgan crossed the plate a moment later on Junior Gilliam's fly to center.

One Run

Black took over in the fifth inning and pitched shutout ball until the ninth when the Cards pushed over one run on a double by pinch hitter "Peanuts" Lowrey and a single by Solly Hemus. "Red" Schoendienst, who had singled in his first two times at bat, then ended the game by rapping into a double play to send the largest crowd of the season, 28,976 fans, home.

"Preacher" Roe started for the Dodgers and was tagged for seven hits and three runs in four innings. Steve Bilko drove in two runs with a pair of singles and Jablonski clouted his seventh homer of the season in the fourth. Black permitted only four hits, walked one and struck out four to register his fifth victory against two defeats.

The Dodgers' other run came in the first inning when Gilliam tripled and came home on a grounder by Snider. Presko went all the way to suffer his fifth defeat against three victories.

St. Louis — 101 100 601-4 11-1
Brooklyn — 140 000 608-5 6-1

Reds Triumph Over Pirates

Pittsburgh (AP) — Outfielder Gus Bell, former Pittsburgh Pirate, turned on his old teammates last night as he hammered out two home runs and a double to lead the Cincinnati Reds to a 7-4 victory.

Bell's second homer, his 11th of the year, came with a mate aboard in the seventh to break a 4-4 tie.

He hit it off relief pitcher Roger Bowman who took over for Murry Dickson when the Reds rallied in the sixth to score two runs and forge a tie.

Long Hits

Roy McMillan also belted a homer for Cincinnati while Jim Greengrass clipped in with a triple and Ted Kluszewski a double.

The extra blow off Redleg pitcher Herm Wehmeier was a homer by Frank Thomas. Wehmeier, who gave up but five hits, spotted the Pirates a three-run lead before the Reds got their heavy artillery in action.

Pirate third baseman Pete Castiglione was injured slightly in the first inning. Waiting his turn to bat, he was struck in the groin by a bat which slipped from the hands of Toby Atwell as he singled home two runs in his first appearance since being traded to the Pirates by the Chicago Cubs. Cincinnati — 000 112 201-7 12-0
Pittsburgh — 201 010 000-4 5-3

Serafin Joins Field

Hershey (AP) — Felix Serafin, of the Fox Hills Country Club, Wilkes-Barre, who won the fourth Hershey Open back in 1939, nosing out Ben Hogan and Jimmy Hines by two strokes, has advised Johnny Weir, pro at the Hershey Country Club, that he'll be on hand for the Pennsylvania Open here on Tuesday, June 16.

Champions of the Middle Atlantic States Collegiate Swimming Association for the past four years, the Engineers will drop Temple and Franklin & Marshall in varsity competition next season. Cornell will return to the schedule for the first time since 1932. The Brown and White met the Panthers but once in the past; the only meet was a Pitt victory in 1923.

Giants Hammer Cubs, 11-1

New York (AP) — The New York Giants hammered the Chicago Cubs deeper into the National League cellar last night with a 14 hit attack that brought them a 11-1 victory before a crowd of 14,515.

Complete Game

Ruben Gomez, pitching his first complete game, gave up eight safeties, including an infield single by Ralph Kiner.

Chicago — 000 100 000-1 8-1
New York — 114 200 218-11 14-1

East Stroudsburg Little League To Open Campaign With Doubleheader Program Today

East Stroudsburg Little League will roll up the curtain on the 1953 season today at the circuit's official field, with a doubleheader on the agenda. The first contest is slated to get underway at 2 p. m.

The opening game will send the Methodists against Heller-Owens-Howell, while the nightcap will feature the National Bank and R. C. Cramer Lumber Co.

Plans for a parade have been cancelled because of busy holiday traffic, but suitable opening day ceremonies will be carried out at the circuit's official Little League field, located near East Stroudsburg High school's Memorial Stadium.

Final plans for the opening of the season were settled at a recent meeting of the circuit.

The Ladies' Little League Auxiliary will have the concession stand open during the course of the doubleheader.

Monday's schedule will send Heller-Owens-Howell against Cramer's Lumber Co., at 6 P. M.

The East Stroudsburg Minor League teams of the same name will clash on the same field at 4 p. m. on Monday.

Former Tennis King Dies Suddenly In Hollywood

Hollywood (AP) — William Tatum Tilden, 11, 60, former world tennis champion, died late yesterday in his Hollywood apartment. Death apparently was caused by a heart attack.

The manager of the apartment, where Tilden had lived for the last few months said the player and coach had been suffering from a cold and went out for medicine in the afternoon. He said Tilden died some time after returning to his apartment.

Tilden was to have left today for Cleveland, where he was to have taken part in a tournament.

Shoes

The pitcher credited the heavy Army shoes he wore in Germany during his service hitch as preventing even more serious injury, saying that if he was wearing ordinary shoes he might have cut off the whole front of his foot.

"I only bought the mowers the day before and it cost me \$100," he said. "Now it is likely to cost me a World Series share."

"I certainly hope I am not going to be responsible for letting the rest of the guys down."

Simmons is expected to be sidelined for two or three weeks.

Nelson Reaches 71st Birthday

Chicago (AP) — Battling Nelson, world lightweight champion last 4-4 tie. He hit it off relief pitcher Roger Bowman who took over for Murry Dickson when the Reds rallied in the sixth to score two runs and forge a tie.

Nelson, who dethroned faded Joe Gans in 1890 and lost the title to Ad Wolgast in 1910, lives in a dreary hotel room, almost penniless and shrunken from illness.

However, a campaign is underway to raise a trust fund for the one-time durable Dane, who took unbelievable punishment in some 250 bouts.

Two New Foes For Lehigh

Drop

Champions of the Middle Atlantic States Collegiate Swimming Association for the past four years, the Engineers will drop Temple and Franklin & Marshall in varsity competition next season. Cornell will return to the schedule for the first time since 1932. The Brown and White met the Panthers but once in the past; the only meet was a Pitt victory in 1923.

Lake Harmony Puts Perfect Mark On Line

Lake Harmony, able to play only one game thus far this season in the Pocono Mountains League because of inclement weather, will risk its perfect record of one win and no defeats in one of five circuit contests to be played tomorrow.

Each of the five games is scheduled to get underway at 2 p. m.

Lake Harmony, currently pacing the pack, will be at home with Kunkleton, the defending title holder.

Kunkleton is tied for second place with Reders, each team having won three of four games played to date.

Reeders will go into his portion of the action on the home field, with Bushkill providing the opposition.

Tannersville and Ansonia will both like to get back on the winning side of the ledger when they clash tomorrow at Henryville, while Saylorburg and Barrett collide on the Barrett High school field in Canadensis.

Barrett, Saylorburg and Tobyhanna are currently deadlocked for second place with two wins and one setback, as the circuit presents a close fight for every position at this early date in the pennant dash.

Life of Riley

By JIM RILEY
Sports Editor

Chicago baseball fans are undoubtedly feeling pretty happy over the addition of Ralph Kiner to the roster of the Cubs, but this writer would rather be anyone else than the man to patrol center field for Chicago's National League contingent. Kiner in left and Hank Sauer in right are famous for their inability to cover ground. This means that the center fielder will have acres of room to cover in the outfield, trying to prevent routine outs from becoming base hits. The Chicago center fielder may have to be alternated from day to day, as a flycatcher may become exhausted after a single game of working in the middle pasture.

True, Kiner and Sauer should bat in a pile of runs for the Cubs, but more than one marker will trickle over the plate because of weak fielding in the outer pasture. "Buddy" Judge, former baseball and basketball star at Tobyhanna Township High school, is currently enroute to Europe, as a member of Uncle Sam's Army. Judge also attended East Stroudsburg State Teachers College during the past school year before being called into the service.

John "Juice" Arns and Dick Merring received certification denoting honorable mention on the 1952 Associated Press All-Pennsylvania High School football team at the East Stroudsburg High commencement exercises on Thursday. Both were major reasons for the Eastburg record of eight favorable nods and one setback last season. Arns played a tackle post and Merring ran out of the left half-back spot. Stroudsburg Speedway received a shipment of 20 tons of calcium for use on the racing surface the other day. The three local teams to watch in the Glen Brook Pro-Amateur Tournament on Monday are: Jack Cuffie and "Brud" Brown, Pocono Manor; Stan Dudas and Harold Storms, Shawnee, and Tony Midiri and August "Augie" Lockwitz, Glen Brook.

Tucker's Chevrolet will soon sport new jerseys and caps in the Monroe County Softball League. Any boys in this area wishing to attend the tryout school for the New York Giants in Wilkes-Barre on Monday, Tuesday and Wednesday, June 15, 16 and 17. The school opens at 10 a.m. and each boy must be on hand with own uniform, spikes and glove. Scouts in charge will be Nick Shinkoff and "Skeeter" Scaldi. An American League club will present a similar school in a nearby area in the very near future.

Allowing clubs in the Pocono Mountains League to add and subtract players on the various rosters before June 15 is alright, but allowing clubs to draw players from another roster in the same league is a horse of another color. This practice has been commonplace this season and it continues there will be an awful lot of ill feelings present before the current campaign is many weeks older. Rival managers are making a general practice of baiting players from other clubs in the loop.

A. J. Keller, a present resident of Stroudsburg, was announced the winner of a quiz conducted on Diamond Dust, Channel 11 TV show, last night. Keller won the quiz by pointing out that it is possible for a batter to draw 11 pitches in one official trip to the plate, without hitting a foul ball. Keller revealed that a pitcher could run the count to three-and-two, then pick a runner off first base for the third out. "The same batter would be first up the next inning. The pitcher could run the count to three balls and two strikes once again, before an 11th pitch would decide the fate of the hitter.

Stroudsburg also received some free TV publicity through the announcement. Gene Law, former pitcher with the Stroudsburg Poconos, has won eight and lost only two games for Spartanburg, of the class "B" Tri-State League. Law ran up a string of six straight victories before the veteran right hander from New York lost his first contest. Gene worked the distance in his first eight trips to the hill, but was shelved to the showers in the sixth inning of his ninth appearance. Lou Heyman, who made his bow in professional baseball with Carbondale, of the class "D" North Atlantic League, recently hit two home runs for Terre Haute, of the class "B" Three-I League.

Marty Garlock, a product of Beckskill, North Atlantic League, recently left the Augusta club, of the class "A" South Atlantic League, without permission, after the right handed pitcher had been on the losing end of a 5-1 score against Jacksonville, the same club of which Harry Warner, Reiders, is a member. John O'Leary, catcher with the Stroudsburg Poconos in 1947, recently came off the bench to bang out a home run, double and single, after being sidelined for three games because of weak hitting. John is currently the number one catcher for the Augusta entry in the Sally League.

Tom Keating, another product of Peekskill baseball, when the North Atlantic League was still in operation, pitched the Columbus Cardinals to a 13-0 win over Charleston, in a recent Sally League contest.

Pocono A. C. Meets Roseto At Eastburg Playground

Metzger To Pitch For Host Club

Pocono A. C. will be searching for revenge tomorrow when the charges of Manager Bill Frear play host to Roseto A. A., currently leading the Blue Mountain League, at East Stroudsburg Playground, at 2:30 p.m.

Roseto took the measure of Pocono A. C. in a previous clash at Bangor's Memorial Park, 5-4, but only after 11 furious innings of baseball.

Bill "Bump" Metzger, Stroudsburg High grad who worked the distance against Roseto the first time before losing, will be back on the hill again for Monroe County's entry in the circuit.

Metzger was the victim of poor support by his mates in the field during the course of the initial contest.

Lineups

Larry Kelnher, hard hitting newcomer, will be at second base for Pocono A. C., while, John "Juice" Arns operates at first base; Frear, shortstop; Bill Shires, third base; Carson Deffenbaugh, catcher; Bob Mellman, left field; Harold Freeman, center field, and Tom Foley, right field.

Roseto will probably counter with Joe D'Imperio in the catching spot; Tony Valletta, first base; John Liberto, second base; Dick Prichard, shortstop; Dominic "Ziggy" DeFranco, third base; Len Castellucci, left field; Harold Nerino, center field, and Basil D'Imperio, right field.

Other outings in the circuit tomorrow will find Portland at Tatam in an important contest, and Johnsonville and Martins Creek will fight for last place on the latter's home field.

Managers Change Jobs

Wichita, Kansas, (AP)—The Wichita Indians of the class "A" Western League and York, Pa., in the class "B" Piedmont League are trading managers. Both clubs are in the St. Louis Browns' farm system.

Release

Charlie Ritchie, business manager of the Indians, announced yesterday George Hausmann has been given his release by Wichita and will move to manage the York club.

Arrangements have been made to replace Hausmann with Mark Christman, who has been manager of the York club.

Co-Favorites Set For Epsom Derby

Epsom, England (AP)—Aureole, a speedy chestnut colt owned by Queen Elizabeth II, and Pinza, a brown colt ridden by king of jockeys Sir Gordon Richards, will go to the post today co-favorites in the Epsom Derby.

Outstanding

Because of these fine three-year olds and the 27 other horses in the unusually strong field, the Epsom Derby is billed as one of history's most promising. The race at Epsom Downs will be the 174th running. The distance is a mile and one-half.

Practice Game Listed

Tucker's Chevrolet, currently tied for second place in the Monroe County Softball League, will play a practice game with Al Beseker's Diner tomorrow, at the Stroudsburg Playground. The contest is listed for 1:30 p.m.

Pirates Ordered To Retain Greenberg Gardens

Pittsburgh (AP)—Warren C. Giles, president of the National League, yesterday ordered the Pittsburgh Pirates to keep Greenberg Gardens intact for the balance of the 1953 baseball season.

The Pirates began removing the artificial barrier-haven for home run hitters—Thursday less than three hours after they peddled National League home run king Ralph Kiner to the Chicago Cubs in a 10-player swap.

Shortly after General Manager Branch Rickey ordered the artificial barrier torn down, Giles asked the Bucs to withhold action until all clubs in the league could be polled.

In a telegram to Rickey yesterday,

Chantilly, France (AP)—Crooner Bing Crosby, the best known player in the tournament, and young Harvie Ward of Atlanta, Ga., the most consistent golfer, both were knocked out of the French Amateur golf championship yesterday.

Pittsburgh Course Tough On Top Pros

Pittsburgh (AP)—A handful of golf's topflight performers tested the teeth of the Pittsburgh Field Club yesterday while bigwigs deferred final action on whether to furrow the Oakland traps for next week's National Open championship.

Ben Hogan, Sam Snead, Lloyd Mangrum and Cary Middlecoff, four of the prime favorites, got their first look at the tight and hilly Pittsburgh Club which will carry half the 36-hole qualifying load Tuesday and Wednesday.

Oakmont, scene of the 72-hole championship beginning Thursday, was relatively quiet with the main action centering around the claw-like traps.

Oakmont officials are anxious to put deep furrows in these sand hazards to make recovery shots more difficult. But the U. S. Golf Association is a bit inclined to listen to the golfers' wails and have the traps smoothed out.

Hogan and the boys found the Pittsburgh Field Club almost as tough as they took their first layout. It's a rolling, up-and-down test with gun-barrel fairways and greens small in comparison with Oakmont.

"Those hills almost killed me," said Hogan, who will be gunning for his fourth Open championship. Hogan didn't give out his score but, hitting alternate balls on occasions, he failed to break par.

"I'm not a Pennsylvania goat," complained Mangrum, who fired a 77. "I'm used to flat country."

Snead had a 73 and Middlecoff a 77. Lew Worsham, Oakmont home pro and former National Open champion, shot a 76.

Indians Option Lemon

Cleveland—Jim Lemon, long-ball hitting outfielder who began his career with Bloomington, N. J., of the now defunct North Atlantic League, was optioned by the Cleveland Indians yesterday to Indianapolis, of the American Association.

Olympic Stars To Appear In Shawnee Meet

(This is the second in a series of swimmers who will take part in the Shawnee swim meet, held at the Monroe County Civilian Defense Committee.)

Two of America's greatest female swimmers, both members of the U. S. Olympic team that competed in Finland last summer, will compete in the fifth annual Shawnee Invitational meet at Shawnee Inn and Country Club Sunday afternoon, June 14.

Proceeds of the sale of tickets for the meet will go to the Monroe County Civilian Defense Committee.

Mary Freeman and Gail Peters, shown above, are members of the Walter Reed Swimming Club, of Washington, D. C. Besides competing in the Olympics the two girls hold between them more than a dozen national championships and twice that many national records.

Mary Freeman was national backstroke champion last year and early this year was a member of the Walter Reed medley relay team which won the national team honors.

Star Gail Peters is the "Cinderella Girl" of the aquatic world. After many years of strenuous competition she blossomed forth two years ago as the outstanding woman swimmer in the country. She holds the national breaststroke championships for 100 and 200 yards, is the national individual medley champion; is a member of the national medley relay team, and a member of the Walter Reed national AAU championship team. She has been named an All-American team for the past three years.

The two members of the Walter Reed S. C. team will be among the 78 champions gathered from all sections of the country for the Shawnee meet.

A limited number (500) tickets have been made available for sale by members of the Monroe County Civilian Defense Committee. There will be no other sale of tickets. Only holders of these tickets and tickets issued to Shawnee Country Club members and Shawnee Inn guests will be admitted to the meet. Members of committee are: Mrs. Frank Dreishach, Marshalls Creek, chairman; Mrs. Michael Pasarek, Marshalls Creek; Mrs. Lucien Clapper, Shawnee-on-Delaware; Mrs. Roy Lee, Shawnee-on-Delaware; Mrs. Willard Kitchen, Delaware; Water Gap; Mrs. George Butts, East Stroudsburg, and Mrs. Hazel Gage, East Stroudsburg.

Reply Chairman Bob Christenberry of the commission informed Tannas that "It is not the responsibility or right of the commission to say who Marciano must fight, except that the opponent must be a recognized contender."

Christenberry pointed out the commission names an opponent only when a champion's six month waiting period has expired.

Charles Seeks Title Fight

New York (AP)—Ezzard Charles' co-manager carried his campaign for a title fight with "Rocky" Marciano to the New York State Athletic Commission yesterday but the commission refused to go out on a limb.

Tom Tannas, Charles' co-manager, insisted his fighter, listed as number one challenger in all ratings, was entitled to a shot at the heavyweight championship. However, Tannas was willing that Charles meet Roland La Starza, his chief rival for the September date, with the winner of the elimination bout taking on Marciano.

A limited number (500) tickets have been made available for sale by members of the Monroe County Civilian Defense Committee. There will be no other sale of tickets. Only holders of these tickets and tickets issued to Shawnee Country Club members and Shawnee Inn guests will be admitted to the meet. Eisenhower Makes Hit With Athletes

Washington (AP)—President Eisenhower had 44 of the nation's leading athletes to lunch at the White House yesterday and then thanked them "for honoring me by coming here."

The hour and a half luncheon was something like a meeting of the mutual admiration society.

"It was the greatest thrill I ever had," said heavyweight champion Rocky Marciano.

"I'm one happy fellow," said baseball's Joe Di Maggio.

"What pep!" exclaimed golfer Gene Sarazen. "If I had one-tenth of it I'd go 72 holes at the National Open and stay right with Ben Hogan."

Special

The first thing I'm going to do is design a special fly line for the President," said Andy Anderson of Houston, Tex., sometimes called the world's number one fisherman.

The luncheon was held as a sort of prelude to the annual Congressional baseball game at Griffith Stadium last night. The Democrats and Republicans met as usual with the Washington Evening Star's summer camp fund getting the proceeds.

Eisenhower was to throw out the first pitch.

Marciano, decked out in a conservative blue suit, appeared more dazed by his tour of the White House than by any punch a boxer ever hung on him.

"The President seemed to have a wonderful time," Rocky said after the luncheon. "He kept floating around talking to everybody. And he congratulated me for winning the fight."

"Rocky" didn't say which fight, but it doesn't make any difference. He's never lost any.

Horseplay

Eisenhower engaged in some good natured horseplay with photographers as the assembled athletes posed with him on the White House steps.

Someone called out about Marciano: "What's he got that I haven't got?"

The President smiled and studied Rocky's big right hand. "He just uses it more than you do."

The athletes, eight of whom were women, ate buffet style. Eisenhower sat at a table with Sarazen, baseball's Tris Speaker, tennis star Helen Jacobs and Clark Griffith, the 83-year-old owner of the Washington Senators.

"Then," said Marciano, "He took us on a Cook's tour of the White House. You ought to see all those trophies in his study."

Two Negroes were among the athletes, boxer Norvel Lee and track star Art Bragg.

Sarazen was asked the natural question: "Did you and the President talk about golf?"

Lacrosse Stars In Final Game

Baltimore (AP)—Forty-four players will have their last fling at college lacrosse here today in the 12th annual game between the North and South.

The Association will feature a total of four games, each of which is slated to get underway at 2 p. m.

Newfoundland

Newfoundland, currently pacing the pack with three wins and no setbacks, will put its first place rating on the line when the Bears play host to Daleville at the Green-Dreher Fairgrounds.

The other contests will send Maple Lake against Mount Cobb, on the latter's home field, while Handlin tangles with Moscow, at Moscow.

Action in the Pocono Mountains Association is limited to Sunday play, with rained out games to be made up on the Fourth of July if possible.

Eleven In Coaching Club

New York (AP)—Eleven three-year-old fillies are entered for the \$50,000-added Coaching Club American Oaks the derby for sophomore misses—today at Belmont Park.

Favorites

Mrs. Ada L. Rice's Corise Reins, who won the Delaware Oaks last Saturday at Delaware Park by 12 lengths, is certain to be the favorite in the Coaching Club Oaks, being run for the 37th time.

U. S. Golfers Tie Canada

Montreal, (AP)—Pro golfers of the United States broke even with their Canadian counterparts yesterday in three four-ball, best-ball matches which marked the opening of a three-day pro team match. Each team finished with four and one-half points.

Ted Kroil and Tommy Bolt of the United States edged Stan Leonard and Dick Borthwick of Canada, one up, to take two of the possible three points. The matches are scored on a basis of one point for each nine holes and one for the full 18.

Match

Their victory was matched, however, as Pat Fletcher of Canada teamed with Peter Thomson of Australia-loaned to the Canadian team for the matches—won the 18th hole to defeat Jack Burke Jr. and Doug Ford of the U. S. one up. Fletcher and Thomson won two points altogether.

Jim Turnesa and Ed Oliver finished even with Bill Kerr of Canada and South Africa's Bobby Locke, also loaned to the Dominion team for the occasion. Each team took a point for nine hole leadership, so they wound up with one and one-half apiece.

Four Distance Runners Clash

New York (AP)—Four of the country's better distance runners took up in the featured mile special in the annual spring games of the New York A. C. MAT Traverses Land today.

Entries

Although seven are entered in the mile, the race should simmer down to a stretch duel among Army's Lew Olive, Georgetown's Charley Capozzoli, Villanova's Fred Dwyer, and U. S. Army Lt. Warren Druetzler. The others in the field are Browning Ross, Fred Eckhoff and Gordon McKenzie.

Youngsters Stage Carnival, Raise \$3 For Cancer Society

Monroe County's cancer crusade was three dollars richer last night, thanks to a group of Stroud Township girls with a flair for carnival life and humanitarianism.

Early this week the girls decided to hold a carnival in a neighborhood backyard. Purpose of the carnival: to raise some hard-earned money for the cancer drive.

Donating the money to the cancer fund was the group's own idea. Guiding powers behind the demonstration were Diane St. Bonnet, 11; Linda, 6, and Shirley Weber, 9, and Jane Schoenerberger, 7½, all of Oak-

wood Avenue. Yesterday between 1 and 2 p.m., the exhibition was carried off. Featured attractions were "dunking for bubble gum," out-grown toys, a drawing game and soft drinks in large variety. Mothers had been pulled into the act, too, with home-made ice cube "popsicles" in assorted flavors. Prices ranged from one to three cents at the various stands set up by the girls. The carnival was held in the St. Bonnet backyard. The money will be presented to Mrs. Russell Baggott Monday afternoon at the Sarah St. office of the Cancer Society.

He was a member of Psi Chi honorary and Alpha Phi Omega service fraternity. He is a member of Theta Chi social fraternity.

Hansen Gives Report On Cancer Drive

Monroe County's success in the recent American Cancer Society campaign was outlined by D. A. Hansen, campaign chairman, in a letter sent yesterday to Gen. Carl Spaatz, Washington, D. C., national chairman.

Hansen's letter informed the national headquarters that \$4,093.17 had been realized in the campaign, topping the quota of \$4,000. Hansen commented on the cooperation of local workers and noted that additional amounts will be forthcoming from districts which have not replied or remitted their collections.

The office of Dr. E. J. Denning will be closed from June 6th to June 15th.—Adv.
